

Everything you wanted to know about Research & Development in Germany and China – but were afraid to ask

Discuss the following issues with us:

- Corporate and commercial requirements in China, alternative approaches for R&D projects under German law
- German and Chinese strategies with respect to IP protection
- Employee inventions
- Tax subsidies and preferential tax treatment owing to the high-technology status of your company
- Enforcement – preliminary injunctions plus border seizures

Afterwards you will have the opportunity to exchange ideas and opinions with colleagues from other companies and IP and corporate experts from Reed Smith.

Speakers:

Alexander G. Fischer, *Partner, Corporate, Shanghai*
Dr. Anette Gärtner, LL.M., *Partner, IP, Frankfurt*
Dr. Alexander R. Klett, LL.M., *Partner, IP, Munich*
