You are cordially invited to attend this webinar, which will address current hot topics in the shipping industry, focusing on insurance coverage implications.

The discussion will include a primer on coverage for events such as shipping losses, mysterious loss of cargo, terrorism, piracy losses, and cyber attacks. In addition, you will learn about how having the right coverage in place can help you and other shipping companies protect against potential losses and liabilities associated with these events.

Suggested attendees:

Risk managers and general counsel

Please log in 15 minutes prior to the start of the program.

This program is presumptively approved for 1.0 general CLE credit in California, Illinois, New Jersey, Pennsylvania, Texas and West Virginia.
