

An Update on AML Issues (Webinar by way of Zoom)

1.5 Law Society CPD being applied for

Introduction:

There has been increased scrutiny of anti-money laundering/counter terrorist financing controls, especially in international financial centres. In Hong Kong, non-compliance with the customer due diligence and on-going monitoring requirements in the Anti-Money Laundering and Counter-Terrorist Financing Ordinance (AMLO) is potentially a criminal offence and hence AML/CTF matters remain a focus for financial institutions. Under the **Anti-Money Laundering and Counter-Terrorist Financing (Amendment) Ordinance 2022**, the licensing regime for Virtual Asset service providers (“VASP”) as well as other amendments on AML/CTF requirements, will take effect on June 1, 2023. This expansion of the AML regime will increase Hong Kong’s influence as a virtual asset hub, with a balance between innovation and investor protection.

Jill Wong, Regulatory Partner at Reed Smith Richards Butler LLP, regularly advises financial institutions and professionals on AML/CTF matters. In this seminar, **Jill will focus on the expansion of the regulatory regime to cryptocurrencies and other virtual assets, examine some topical issues with AMLO, such as NFTs, peer-to-peer lending and virtual asset derivatives, provide updates on the latest cases, as well as some practical tips for effective AML/CTF controls, preventive measures and risk management.**
